

I am very happy with the way Indiana's Telephone Privacy Law is working to protect me from unwanted telephone calls and solicitations.
PLEASE DO NOT implement any proposals that would lessen the protection I enjoy now.

In the past, I would receive several unwanted calls a day from solicitors.
Now... I seldom get a call. I registered on Indiana's Telephone Privacy List. If it's not broke....don't fix it!!!!

Indiana's Telephone Privacy Law is NOT broken.
